#### Justification of Increases and Decreases

Base funds will allow the Office of Budget and Program Analysis (OBPA) to continue to provide analyses and information to the Secretary and other senior policy officials to support informed decision-making regarding the Department's programs and policies, and budget, legislative, and regulatory actions. Additionally, it will allow OBPA to serve the key function of providing information to the Office of Management and Budget and the Appropriations Committees related to the USDA budget and providing relevant information to the Authorizing Committees.

## (1) An increase of \$103,000 for the Office of Budget and Program Analysis (\$8,946,000 and 48 staff years available in 2012) consisting of:

#### (a) An increase of \$25,000 to fund increased pay costs.

The proposed funding level is needed to cover pay and benefit cost increases for existing staff. This will ensure adequate resources are available to coordinate the preparation and submission to Congress of a performance-based budget, and to provide analyses and information to support decision-making regarding budgetary, legislative, and regulatory proposals. About 90 percent of OBPA funds are needed to cover salary and benefit costs.

#### (b) An increase of \$78,000 for operating costs.

This increase in funding is necessary to continue the current level of analyses and information provided to the Office of the Secretary to support informed decision-making regarding the Department's programs, and policies, budget, legislative and regulatory actions. Without these additional funds, OBPA's ability to maintain the current level of services would diminish.

#### Selected Examples of Recent Progress:

Performance Management. OBPA works closely with USDA's Performance Improvement Officer (PIO) on organizational performance management, including Government Performance and Results Act (GPRA) Modernization Act requirements. The PIO is charged with supervising the performance management activities of the Department and developing a performance based budget. OBPA participates in the Government-wide Performance Improvement Council to ensure the guidance and tools developed by the council are utilized as appropriate by USDA. USDA continued to work with senior staff and OMB in 2011 to implement the Department's Agency Priority Goals, performance measures, and program outcomes. In 2011, the Department prepared an Addendum to the USDA Strategic Plan for fiscal years 2010-2015 to meet the GPRA Modernization Act requirement that the Strategic Plan include the Agency Priority Goals. OBPA participated in preparing the Addendum and prepared information on the Agency Priority Goals to include in the Performance and Accountability Report.

Budget Summary and Related Information. OBPA prepared the 2012 Budget Summary and Annual Performance Plan which provides an overview of the Department's programs and budgets, and provides funding highlights. In addition, the document provides targets for key performance measures that support the Department's strategic objectives for 2012. The 2012 Budget Summary and Annual Performance Plan was released to the public on February 14, 2011, and is available at <a href="http://www.obpa.usda.gov/budsum/FY12budsum.pdf">http://www.obpa.usda.gov/budsum/FY12budsum.pdf</a>. OBPA also produced detailed budget justifications for the 2012 Explanatory Notes, which are also available to the public through the USDA website.

Review of Regulatory Actions. During 2011, OBPA was actively involved in the review and clearance of 197 regulatory workplans. In addition, OBPA was actively involved in the review and clearance of 73 regulations and 317 Executive Order (EO) 12866 review requests, including regulations involving: 2010 Healthy, Hunger-Free Kids Act; 2008 Farm Bill programs on renewable energy, crop disaster assistance, crop insurance coverage and rural broadband access; food safety; organic marketing; animal traceability; and the designation of biobased items for Federal procurement.

OBPA assisted the Department in meeting the new requirements announced in EO 13563, including a comprehensive retrospective review of existing regulations. This included drafting two Departmental plans for OMB review and publication on the White House website, drafting a related Federal Register Notice, and processing over 2,100 comments for review by USDA agencies. OPBA has continued to work with the agencies to meet new OMB reporting requirements related to the retrospective review process.

Review of Legislative Actions. During 2011, OBPA assisted in the preparation and review of 420 legislative reports. These reports were reviewed to ensure consistency with the program, policy and budgetary objectives of the Administration; based on adequate analysis, and programmatic soundness.

<u>Farm Bill Implementation.</u> OBPA continued to provide leadership to assist with implementation of the 2008 Farm Bill. OBPA coordinates the clearance of Farm Bill regulations with subcabinet officials and OMB; ensures that implementation efforts are coordinated across mission areas; and tracks progress and reports to policy officials and Congress.
