

## U.S. Food Loss and Waste 2030 Champions Activity Form

(Please provide the name of your business here.) will strive to reduce food loss and waste<sup>1</sup> in its operations by 50 percent by 2030 through activities targeting the *prevention* of food loss and waste before it arises, *recovery* of wholesome, otherwise wasted food for donation, and *recycling* of food loss and waste to other uses such as animal feed, compost and energy generation.

(<u>Please provide the name of your business here.</u>) will report periodically on its progress on meeting its goal on its website at (<u>Please provide your website here.</u>)

## Specific food loss and waste reduction activities include:

| Please provide exam         | ples in this box. |   |  |
|-----------------------------|-------------------|---|--|
|                             |                   |   |  |
|                             |                   |   |  |
|                             |                   |   |  |
|                             |                   |   |  |
| Point of Contact:           |                   | _ |  |
| Name of Business:<br>Email: |                   | _ |  |
| Date:                       |                   | _ |  |
|                             |                   | - |  |

Please return this form to Jean Buzby (USDA Food Loss and Waste Liaison) at <a href="mailto:jean.buzby@usda.gov">jean.buzby@usda.gov</a> or Ms. Lana Suarez (EPA lead on Sustainable Management of Food) at <a href="mailto:suarez.lana@epa.gov">suarez.lana@epa.gov</a>.

<sup>&</sup>lt;sup>1</sup> The 50-percent reduction could be calculated on an absolute or per customer/consumer basis. In addition, the exact definition of food loss and waste could vary by country, business and consumer. The Food Loss and Waste Protocol provides information on defining and transparently measuring food loss and waste.
